To Whom It May Concern,

Lanier National Speedway will be making the following changes to the purse structure if there is a 20% chance of inclement weather. The purse for the night's events will be cut by 20% for each position.

Lanier National Speedway will also be making the following changes to the purse structure if there is a 30% or higher chance of inclement weather. The purse for the night's events will be canceled and the pit passes for everyone will be reduced to \$20.

We have made the following decision based on the response for the cancelation from May 14, 2011. We made the cancelation with the predicament of 70% chance of inclement weather and made the best decision that we could for all of the teams and fans involved in the sport.

All of the information that will be used to obtain and make decisions from this point forward will come from the 9am broadcast on the WSBTV Channel 2 Action News on Saturday morning. We will race from this point forward rain or shine!!!!

Also, thank you for all of your support of the facility and for trying to help us keep things going during this horrible economical time. To show our thanks for your continued support we will be lowering the pit pass prices for ALL 2011 events **EXCLUDING** July 2, 2011 to just (\$25.)

Thanks,

Lanier National Speedway Staff
